

TO WHOM IT MAY CONCERN

This is to certify that Sreekar Venkata Nutulapati has successfully completed a 6 months internship (from March, 2021 to August, 2021) with my early-stage technology startup, Folioset as a Frontend Developer Intern.

During the period of his internship, he worked on building several features of a web application using Javascript, React.js and typescript.

Sreekar was very diligent, hard-working and a fast learner. He completed tasks on-time, quickly figured out how to implement any functionality and thoroughly tested any features he built. He demonstrated great passion for building products and is a very good programmer.

I wish him all the best in his future endeavors.

Sincerely,
